An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows for clarity:

In claim 1, "from" (line 11) has been deleted and –of the pin member—has been inserted before the period (last line).

In claim 2, "d" (last line) has been changed to -the pin member--.

The following is an examiner's statement of reasons for allowance: the prior art of record does not show or render obvious a tape cartridge having a leader member with pin and clamp members as recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Morita (US-6598820) is cited to show a similar cartridge.
